EXPERIENCE

Research Analyst, Example Lab project 001 1961 - 1962

- Analysed survey data in R and Python for project 001
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 002 1962 - 1963

- Analysed survey data in R and Python for project 002
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 003 1963 - 1964

- Analysed survey data in R and Python for project 003
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 004 1964 - 1965

- Analysed survey data in R and Python for project 004
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 005 1965 - 1966

- Analysed survey data in R and Python for project 005
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 006 1966 - 1967

- Analysed survey data in R and Python for project 006
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 007 1967 - 1968

- Analysed survey data in R and Python for project 007
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 008 1968 - 1969

- Analysed survey data in R and Python for project 008
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 009 1969 - 1970

- Analysed survey data in R and Python for project 009
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 010 1970 - 1971

- Analysed survey data in R and Python for project 010
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 011 1971 - 1972

- Analysed survey data in R and Python for project 011
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 012 1972 - 1973

- Analysed survey data in R and Python for project 012
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 013 1973 - 1974

- Analysed survey data in R and Python for project 013
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 014 1974 - 1975

- Analysed survey data in R and Python for project 014
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 015 1975 - 1976

- Analysed survey data in R and Python for project 015
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 016 1976 - 1977

- Analysed survey data in R and Python for project 016
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 017 1977 - 1978

- Analysed survey data in R and Python for project 017
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 018 1978 - 1979

- Analysed survey data in R and Python for project 018
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 019 1979 - 1980

- Analysed survey data in R and Python for project 019
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 020 1980 - 1981

- Analysed survey data in R and Python for project 020
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 021 1981 - 1982

- Analysed survey data in R and Python for project 021
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 022 1982 - 1983

- Analysed survey data in R and Python for project 022
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 023 1983 - 1984

- Analysed survey data in R and Python for project 023
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 024 1984 - 1985

- Analysed survey data in R and Python for project 024
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 025 1985 - 1986

- Analysed survey data in R and Python for project 025
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 026 1986 - 1987

- Analysed survey data in R and Python for project 026
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 027 1987 - 1988

- Analysed survey data in R and Python for project 027
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 028 1988 - 1989

- Analysed survey data in R and Python for project 028
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 029 1989 - 1990

- Analysed survey data in R and Python for project 029
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 030 1990 - 1991

- Analysed survey data in R and Python for project 030
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 031 1991 - 1992

- Analysed survey data in R and Python for project 031
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 032 1992 - 1993

- Analysed survey data in R and Python for project 032
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 033 1993 - 1994

- Analysed survey data in R and Python for project 033
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 034 1994 - 1995

- Analysed survey data in R and Python for project 034
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 035 1995 - 1996

- Analysed survey data in R and Python for project 035
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 036 1996 - 1997

- Analysed survey data in R and Python for project 036
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 037 1997 - 1998

- Analysed survey data in R and Python for project 037
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 038 1998 - 1999

- Analysed survey data in R and Python for project 038
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 039 1999 - 2000

- Analysed survey data in R and Python for project 039
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 040 2000 - 2001

- Analysed survey data in R and Python for project 040
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 041 2001 - 2002

- Analysed survey data in R and Python for project 041
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 042 2002 - 2003

- Analysed survey data in R and Python for project 042
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 043 2003 - 2004

- Analysed survey data in R and Python for project 043
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 044 2004 - 2005

- Analysed survey data in R and Python for project 044
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 045 2005 - 2006

- Analysed survey data in R and Python for project 045
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 046 2006 - 2007

- Analysed survey data in R and Python for project 046
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 047 2007 - 2008

- Analysed survey data in R and Python for project 047
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 048 2008 - 2009

- Analysed survey data in R and Python for project 048
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 049 2009 - 2010

- Analysed survey data in R and Python for project 049
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 050 2010 - 2011

- Analysed survey data in R and Python for project 050
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 051 2011 - 2012

- Analysed survey data in R and Python for project 051
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 052 2012 - 2013

- Analysed survey data in R and Python for project 052
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 053 2013 - 2014

- Analysed survey data in R and Python for project 053
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 054 2014 - 2015

- Analysed survey data in R and Python for project 054
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 055 2015 - 2016

- Analysed survey data in R and Python for project 055
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 056 2016 - 2017

- Analysed survey data in R and Python for project 056
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 057 2017 - 2018

- Analysed survey data in R and Python for project 057
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 058 2018 - 2019

- Analysed survey data in R and Python for project 058
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 059 2019 - 2020

- Analysed survey data in R and Python for project 059
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 060 1960 - 1961

- Analysed survey data in R and Python for project 060
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 061 1961 - 1962

- Analysed survey data in R and Python for project 061
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 062 1962 - 1963

- Analysed survey data in R and Python for project 062
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 063 1963 - 1964

- Analysed survey data in R and Python for project 063
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 064 1964 - 1965

- Analysed survey data in R and Python for project 064
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 065 1965 - 1966

- Analysed survey data in R and Python for project 065
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 066 1966 - 1967

- Analysed survey data in R and Python for project 066
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 067 1967 - 1968

- Analysed survey data in R and Python for project 067
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 068 1968 - 1969

- Analysed survey data in R and Python for project 068
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 069 1969 - 1970

- Analysed survey data in R and Python for project 069
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 070 1970 - 1971

- Analysed survey data in R and Python for project 070
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 071 1971 - 1972

- Analysed survey data in R and Python for project 071
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 072 1972 - 1973

- Analysed survey data in R and Python for project 072
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 073 1973 - 1974

- Analysed survey data in R and Python for project 073
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 074 1974 - 1975

- Analysed survey data in R and Python for project 074
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 075 1975 - 1976

- Analysed survey data in R and Python for project 075
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 076 1976 - 1977

- Analysed survey data in R and Python for project 076
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 077 1977 - 1978

- Analysed survey data in R and Python for project 077
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 078 1978 - 1979

- Analysed survey data in R and Python for project 078
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 079 1979 - 1980

- Analysed survey data in R and Python for project 079
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 080 1980 - 1981

- Analysed survey data in R and Python for project 080
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 081 1981 - 1982

- Analysed survey data in R and Python for project 081
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 082 1982 - 1983

- Analysed survey data in R and Python for project 082
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 083 1983 - 1984

- Analysed survey data in R and Python for project 083
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 084 1984 - 1985

- Analysed survey data in R and Python for project 084
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 085 1985 - 1986

- Analysed survey data in R and Python for project 085
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 086 1986 - 1987

- Analysed survey data in R and Python for project 086
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 087 1987 - 1988

- Analysed survey data in R and Python for project 087
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 088 1988 - 1989

- Analysed survey data in R and Python for project 088
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 089 1989 - 1990

- Analysed survey data in R and Python for project 089
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 090 1990 - 1991

- Analysed survey data in R and Python for project 090
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 091 1991 - 1992

- Analysed survey data in R and Python for project 091
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 092 1992 - 1993

- Analysed survey data in R and Python for project 092
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 093 1993 - 1994

- Analysed survey data in R and Python for project 093
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 094 1994 - 1995

- Analysed survey data in R and Python for project 094
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 095 1995 - 1996

- Analysed survey data in R and Python for project 095
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 096 1996 - 1997

- Analysed survey data in R and Python for project 096
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 097 1997 - 1998

- Analysed survey data in R and Python for project 097
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 098 1998 - 1999

- Analysed survey data in R and Python for project 098
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 099 1999 - 2000

- Analysed survey data in R and Python for project 099
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 100 2000 - 2001

- Analysed survey data in R and Python for project 100
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 101 2001 - 2002

- Analysed survey data in R and Python for project 101
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 102 2002 - 2003

- Analysed survey data in R and Python for project 102
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 103 2003 - 2004

- Analysed survey data in R and Python for project 103
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 104 2004 - 2005

- Analysed survey data in R and Python for project 104
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 105 2005 - 2006

- Analysed survey data in R and Python for project 105
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 106 2006 - 2007

- Analysed survey data in R and Python for project 106
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 107 2007 - 2008

- Analysed survey data in R and Python for project 107
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 108 2008 - 2009

- Analysed survey data in R and Python for project 108
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 109 2009 - 2010

- Analysed survey data in R and Python for project 109
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 110 2010 - 2011

- Analysed survey data in R and Python for project 110
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 111 2011 - 2012

- Analysed survey data in R and Python for project 111
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 112 2012 - 2013

- Analysed survey data in R and Python for project 112
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 113 2013 - 2014

- Analysed survey data in R and Python for project 113
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

Research Analyst, Example Lab project 114 2014 - 2015

- Analysed survey data in R and Python for project 114
- Wrote quarterly reports for the program office
- Presented findings to 4 partner agencies

Research Analyst, Example Lab project 115 2015 - 2016

- Analysed survey data in R and Python for project 115
- Wrote quarterly reports for the program office
- Presented findings to 5 partner agencies

Research Analyst, Example Lab project 116 2016 - 2017

- Analysed survey data in R and Python for project 116
- Wrote quarterly reports for the program office
- Presented findings to 6 partner agencies

Research Analyst, Example Lab project 117 2017 - 2018

- Analysed survey data in R and Python for project 117
- Wrote quarterly reports for the program office
- Presented findings to 7 partner agencies

Research Analyst, Example Lab project 118 2018 - 2019

- Analysed survey data in R and Python for project 118
- Wrote quarterly reports for the program office
- Presented findings to 8 partner agencies

Research Analyst, Example Lab project 119 2019 - 2020

- Analysed survey data in R and Python for project 119
- Wrote quarterly reports for the program office
- Presented findings to 2 partner agencies

Research Analyst, Example Lab project 120 1960 - 1961

- Analysed survey data in R and Python for project 120
- Wrote quarterly reports for the program office
- Presented findings to 3 partner agencies

EDUCATION

PhD Statistics, Example University 1955 - 1960
